Reduce Crime, Enhance Officer Safety & Improve Community Trust

Any Device. Anywhere. Anytime.

Equip your officers with the sophisticated technology and critical resources they need to fight crime with Versaterm OpsIntel. More than just a CAD or RMS system, this state-of-the-art crime-fighting communication tool provides real-time data to keep your force up-to-speed, informed and most importantly, protected as they patrol our streets.

Crime-Fighting Discussion Board

Lets officers communicate across the department or across jurisdictions with user-customizable display options. This commentary provides a backbone for collaborative problem-solving.

Bulletin Management

Real-time bulletin data, centralized in one location, to keep officers equipped with critical intelligence.

Map Viewer

Visualize incidents and identify patterns as they unfold with color-coded dots showing crimes and location data on powerful, layered maps with the OpsIntel Map Viewer.

Crime Connector

Connect real-time data about people, places, activities and assets to find associations across feeds in a central location. Allows for a single search to surface data from all sources including CAD, RMS, Offender Lists and more.

Case Management

Provide consistency and continuity across all agencies from shift-to-shift, cycle- to-cycle in real-time with our collaborative online Case Management system.

Mobile Capability

Empower officers to share information and intelligence in real time on any Android or iOS device.

Keep Your Communities Safer
